**Compounding & Crediting:** KASASA CASH BACK credits will be posted at the end of each month provided that you meet the qualification requirements.

**Daily Balance Computation:** Dividends are calculated on a daily balance method which applies a periodic rate to the daily balance in the account for the period. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

**Fees and Charges:** There are no maintenance or activity fees associated with this account as long as there is activity on the account. If there is no activity on the account within a 12 month period the account may be subject to a dormant account fee as listed on the credit union Fee Schedule.

**ATM Fees:** If you have met your eligibility qualifications for the monthly cycle, we will refund all ATM fees assessed by our credit union or other financial institutions for using a non credit union machine, up to a maximum of \$25 a month. This does not include any insufficient funds fees (NSFs) or uncollected funds fees. For individual ATM fees \$5 or greater please contact SECUNM for your refund.

If you close your account before the rewards are credited to it, you will not receive the cash back rewards or ATM Fee refunds.
